

SPORTS **LIGHTING** SPECIALISTS

Light Years Ahead

BRING YOUR VENUE **TO LIFE**

EXCITE FANS WITH AN EXPERIENCE THEY'LL NEVER FORGET

Give your venue an opportunity to shine. With **Electric Skyline**, an average game becomes a truly exciting event. Glare-free lighting helps cameras capture the action and gives spectators a clear view of the activities on the field. Architectural lighting draws fans in and sets your venue apart. Intelligent control systems reduce costs and improve operational efficiency. Find out how you can make your venue more flexible, increase the number of events, save money, and achieve a unique and innovative multi-purpose sports and entertainment venue.

OPTIMIZE OPERATIONS

Adapt to future demands with a flexible, future-proof, and versatile lighting system

Reduce costs with energy-efficient LED lighting systems, connectivity and remote monitoring

Increase revenue streams with the flexibility to host different types of events in the same space

ENHANCE EXPERIENCE

Integrate lighting, entertainment, and sound to create a fully immersive fan experience

Meet demanding slow-motion broadcasting requirements with flicker-free lighting technology

Excellent color rendering, temperature, and uniformity ensure that athletes have a clear view on the field

IMPROVE SAFETY

Improve safety and crowd flow with well-lit areas in and around the stadium

Improve guidance to seats, restaurants, fan shops, and exits

Boost venue reputation with increased safety and comfort for fans, athletes, and employees

WE PROVIDE
**DETAILED PROJECT
COSTS** AND ASSIST
YOU WITH GRANT
APPLICATIONS

All of this is delivered by removing any hassle from your side by dealing with all design and planning issues. We will also deal with any operational matters such as how much light is required for your facility and how will this impact on the surrounding

environment right through to how you can both minimise installation and maintenance costs while maximising the extra revenue opportunities that a floodlit pitch will bring to your facility.

ELECTRIC SKYLINE USES **PHILIPS**
LIGHTING SOLUTIONS, BRINGING
YOU THE BEST TECHNOLOGY
AVAILABLE IN THE MARKET

10 YEAR MANUFACTURER
WARRANTY

electricSkyline™

Our tailored floodlighting solutions utilise the advanced technologies of **Philips**. We can provide a detailed site specific light design that maximises visibility, reduces glare and allows athletes to play better and play safer.

WE PROVIDE A **FULL-SERVICE** SOLUTION

We specialise in offering a full-service facility that has seen us install high-grade floodlighting systems across Ireland and our whole system approach to each project includes service pillars, columns, gears, floodlights, cabling, trenching, mains distribution and control devices.

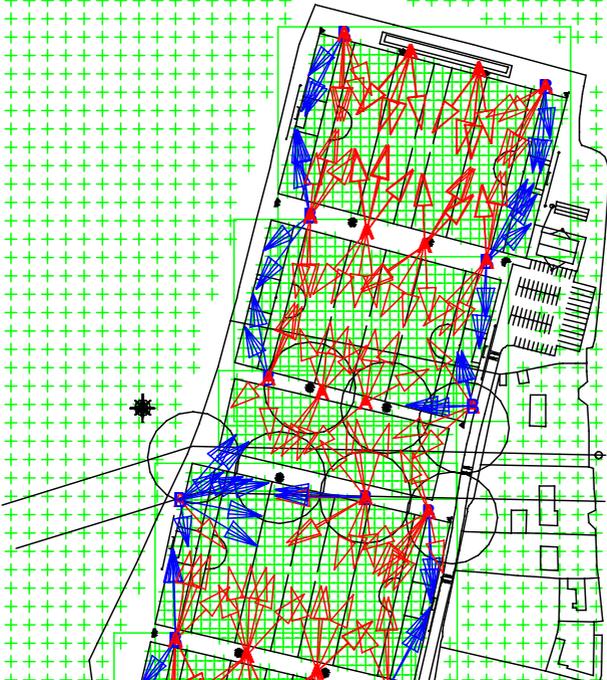

There is no charge or obligation for suitable Sports Pitch lighting Projects.

We will calculate the number of light fittings required and advise light levels. We will advise where they should be located and the cost of the Equipment.
